

Insurance Collection Executives (ICE)

MEMBERSHIP APPLICATION

THE BENEFITS OF MEMBERSHIP IN ICE

WHO WE ARE

Insurance Collection Executives, "ICE" is an industry organization dedicated to supporting the insurance collection professional. While the organization's roots date back more than 40 years, ICE addresses the many challenges faced by today's insurance collection professional. At the core of the organization is a Board of Directors comprised of committed industry executives, who, like you, realize the tremendous benefit of this unique industry affiliation.

WHAT YOU GET

For our existing membership, each new member represents a new point of view, a potentially enhanced process, knowledge of a new system or vendor and an expanded base leading to more valuable benchmarking data. Our website provides access to industry practices, industry surveys, and member contact information. Your billing and collection staff become eligible to participate in our ICE educational programs.

Ask any ICE member and they will quickly tell you of the many benefits experienced in learning about other companies' approaches to similarly shared issues or initiatives. While participating members might naturally compete for business, ICE members cooperate in working toward solving many commonly shared collection challenges.

If you are thinking about becoming a member, you will be happy to learn that membership fees are established in a manner that is sensitive to the size of our prospective and existing ICE participants.

There has never been a better time to join ICE - Where member benefits and networking opportunities await you!

2010 CONFERENCE SITE

**Renaissance Seattle Hotel
Seattle, Washington – October 25–27**
