

# Ed Wallace Webinar

Viewing the Ed Wallace February 13, 2013 webinar requires WebEx Player software. You may already have the player on your computer from prior webinars. To find out, just click on the Ed Wallace video file on the website to download the webinar file. Click on the file to open it, if the video doesn't start playing, you need the WebEx Player software.

This small file is available as a free download from WebEx. There are both Windows and Mac versions available. You want the player file titled: **Watch .WRF File**. Click on this link to download the player:

<http://www.webex.com/play-webex-recording.html>

Once you have installed the player, click on the video file to watch the webinar.
